### 13-POINT OIL BURNER TUNE-UP

Professional preventative maintenance is strongly recommended on an annual basis. Maintaining your oil burner will help save over 10% on heating costs & add years to the life expectancy of this expensive equipment. Below is our 13-point tune-up:

- ✓ Inspect smoke pipe and chimney base
- ✓ Brush or vacuum heating surfaces
- ✓ Change oil filter
- ✓ Check combustion chamber
- ✓ Clean all strainers
- ✓ Clean fan and housing
- ✓ Check electrodes
- ✓ Test transformer
- ✓ Replace nozzle - set firing rate
- ✓ Lubricate all motors
- ✓ Drain expansion tank if necessary
- ✓ Wipe equipment and vacuum
- ✓ Adjust controls

### 30 GUARANTEED PART

(Total Replacement Value \$1,500) Air

Filters (Standard Only)  
Aquastat  
Belt  
Burner: Air Tube, Coupling, End Cone, Burner:  
Flange with Gasket, Fan & Motor Ignition  
Transformer  
Cad Cell Eye/Cad Cell Complete  
Circulator Coupling  
Electrodes & Porcelains  
Electric Firomatic Switch  
Fan & Limit Control, Fan Bearings, Belt & Motor  
Firomatic Switch  
Fuel Pump & Fuel Pump Strainer  
Boiler Gauge  
Hot Water Limit Control  
Ignition Leads  
Master Relay Control  
Nozzle Line & Adapters/Oil Filter  
Thermostat Main House Zone (Not Clock Type)  
Toggle Switch  
Pressure Trol

### PARTS AND LABOR COVERAGE

If your furnace or boiler requires service, the guaranteed parts and the labor to replace them will be covered at no cost to you. Routine maintenance & other non-emergency service will occur during our normal business hours.

### TANK REPLACEMENT PROGRAM

Standard tank replacement includes tank, gauge, up to 50' oil line, filter and firomatic valve and up to 30' of pipe, miscellaneous pipe fittings, vent cap and fill. Tank Replacement Program only covers the cost of leaking oil tanks due to metal fatigue and/or corrosion and does not apply to tanks that leak due to negligence or other causes. This program also only covers replacement labor and materials and assumes no responsibility for Environmental or cleanup costs.

#### YES, I WOULD LIKE TO SIGN UP FOR:

☐ **The Canal Fuel Comprehensive Maintenance Plan with Tank Replacement Program: \$345.00** per year. Includes Canal Fuel's 13-Point Oil Burner Tune-up, the Tank Replacement Program, Parts & Labor Coverage and Emergency Service.

☐ **The Canal Fuel Comprehensive Maintenance Plan Standard Program: \$275.00** per year. Includes Canal Fuel's 13-Point Oil Burner Tune-up, Parts & Labor Coverage and Emergency Service.

Individual units are accessed through an overhead door secured by your own lock. Drive right up to your storage unit's door for easy loading and unloading of your goods. Access available seven days a week, and there is never a charge for access. Units are all over 8 feet high, and range in size from 5' X 5" to 10' x 30'*

## **GENERAL CONDITIONS AND EXCLUSIONS**

The service plan is available to automatic delivery customers who purchase their fuel oil and all heating systems from Canal Fuel during the term of the Plan and whose payments are in accordance with our payment and credit terms. The Service Plan becomes effective upon inspection and approval of your heating system and tank and when proper payment is received.

The term of the Plan is for a one (1) year period and will renew automatically every year unless terminated by either the customer or Company. The plan automatically terminates if the customer no longer purchases all of its heating oil from the Company. No credit will be issued if the Plan is canceled before the expiration date.

Repairs or services not covered by the Plan will be performed and charged to the customer at prevailing rates. If part is not covered by the Plan the labor required to replace that part will also be charged to the customer at the prevailing rate.

The Service Plan does not cover labor or materials to repair damage to the heating system or residence caused by the customer's neglect such as insufficient water for boiler, blown fuses or other failure of electrical system, improper thermostat settings or faulty thermostat, having heating system switches in the "OFF" position, debris build up in the air or venting systems and other causes related to the improper operation or maintenance of the heating system by the customer. Damage, repairs or replacement of parts or components caused by natural disasters, fire, flood, freezing, storm or weather conditions, power loss or surges, water damage, and fuel flow problems due to outside fuel storage are not covered by the Plan.

Company will provide service as soon as possible during regular business hours in non-emergency situations. Company will not be liable for any delay or failure to provide service due to conditions beyond its control such as natural disasters, labor disturbances or strikes, unavailability of mechanics or parts, failure or interruption of customer's electricity, inaccessibility of the heating system, storms, floods, or other severe weather conditions, or government laws or regulations.

The Service Plan only covers heating system parts and components specified in the Plan. Examples of components not covered by the Plan include boiler and furnace and related piping, underground oil storage tanks, above ground storage tanks (unless enrolled in the Tank Replacement Program), tanks with preexisting leaks, patches or unstable conditions, air conditioning systems, humidifiers, heat pumps, heat exchangers, hot water heating systems and air and venting systems. The Plan does not cover environmental clean up, property damage, waste disposal services or other damages and losses caused by a tank leak or system failure even if the tank has been enrolled in the Tank Replacement Program.

Customer agrees to release and hold Company harmless from all claims related to losses, costs, or damage to personal or real property caused by fire, explosion, flood, freezing, power loss or surges, oil leakage, and premises left unattended. Customer agrees that Company shall not be liable for any incidental, special or consequential damages incurred by customer or third parties.

The Tank Replacement Program is available to automatic delivery customers who purchase their oil from Canal Fuel and whose tank passes a visual inspection from one of our licensed technicians.

Tank replacement program will automatically be renewed & invoiced annually. Written notification is required to cancel the program.

In the event that the residence is sold, the Service Plan is non-transferable.
